

Product fiche as per Regulation (EU) n° 65/2014

Product name / Commercial code

FC7D415NX

|                                                                             |             |
|-----------------------------------------------------------------------------|-------------|
| Brand                                                                       | Candy       |
| [M] Built-in / Free standing                                                | Built-in    |
| Product Line                                                                | Ovens       |
| Net weight (kg)                                                             | 36,9        |
| Energy Efficiency Index, EEI Cav 1                                          | 105.5       |
| Energy Efficiency Index, EEI Cav 2                                          | 105.6       |
| Energy efficiency class - cavity 1                                          | A           |
| Energy efficiency class - cavity 2                                          | A           |
| Energy consumption per cycle in conventional mode [kWh] - cavity 1          | 0.77        |
| Energy consumption per cycle in conventional mode [kWh] - cavity 2          |             |
| Energy consumption per cycle in fan-forced convection mode [kWh] - cavity 1 |             |
| Energy consumption per cycle in fan-forced convection mode [kWh] - cavity 2 | 0.76        |
| Number of cavities                                                          | 2           |
| Heat source(s) - cavity 1                                                   | Electricity |
| Heat source(s) - cavity 2                                                   |             |
| Volume - cavity 1                                                           | 42          |
| Volume - cavity 2                                                           | 40          |

**Product information for networked equipment as per Regulation (EU) n° 801/2013**

**Product name / Commercial code**

**FC7D415NX**

**Standby power consumption [W]**

**0**

**Standby power management delay [min]**

**Off mode power consumption [W]**

**Off mode power management delay [min]**

**Networked standby power consumption [W]**

**0**

**Networked standby power management delay [min]**

**Networked standby power consumption with all wired network ports connected and all wireless network ports activated [W]**

**How to activate wireless network port**

**How to deactivate wireless network port**
